CLUB HISTORY

2017

Miami Beach was awarded the SCB Nipper Club of the Year.

2009

Piccolo's Café was established after club renovations were completed.

1997

The club celebrated its 50th Anniversary.

1990

Miami's Nipper Program was introduced.

1989

Miami "Tower 21" was established.

1984

Females were included into the Constitution.

1980

First Club Championships and purchase of an IRB.

1973

Miami hosted the first MNM (originally called Three-Point) carnival.

1953

Official opening of the first permanent clubhouse, constructed from brick.

1948

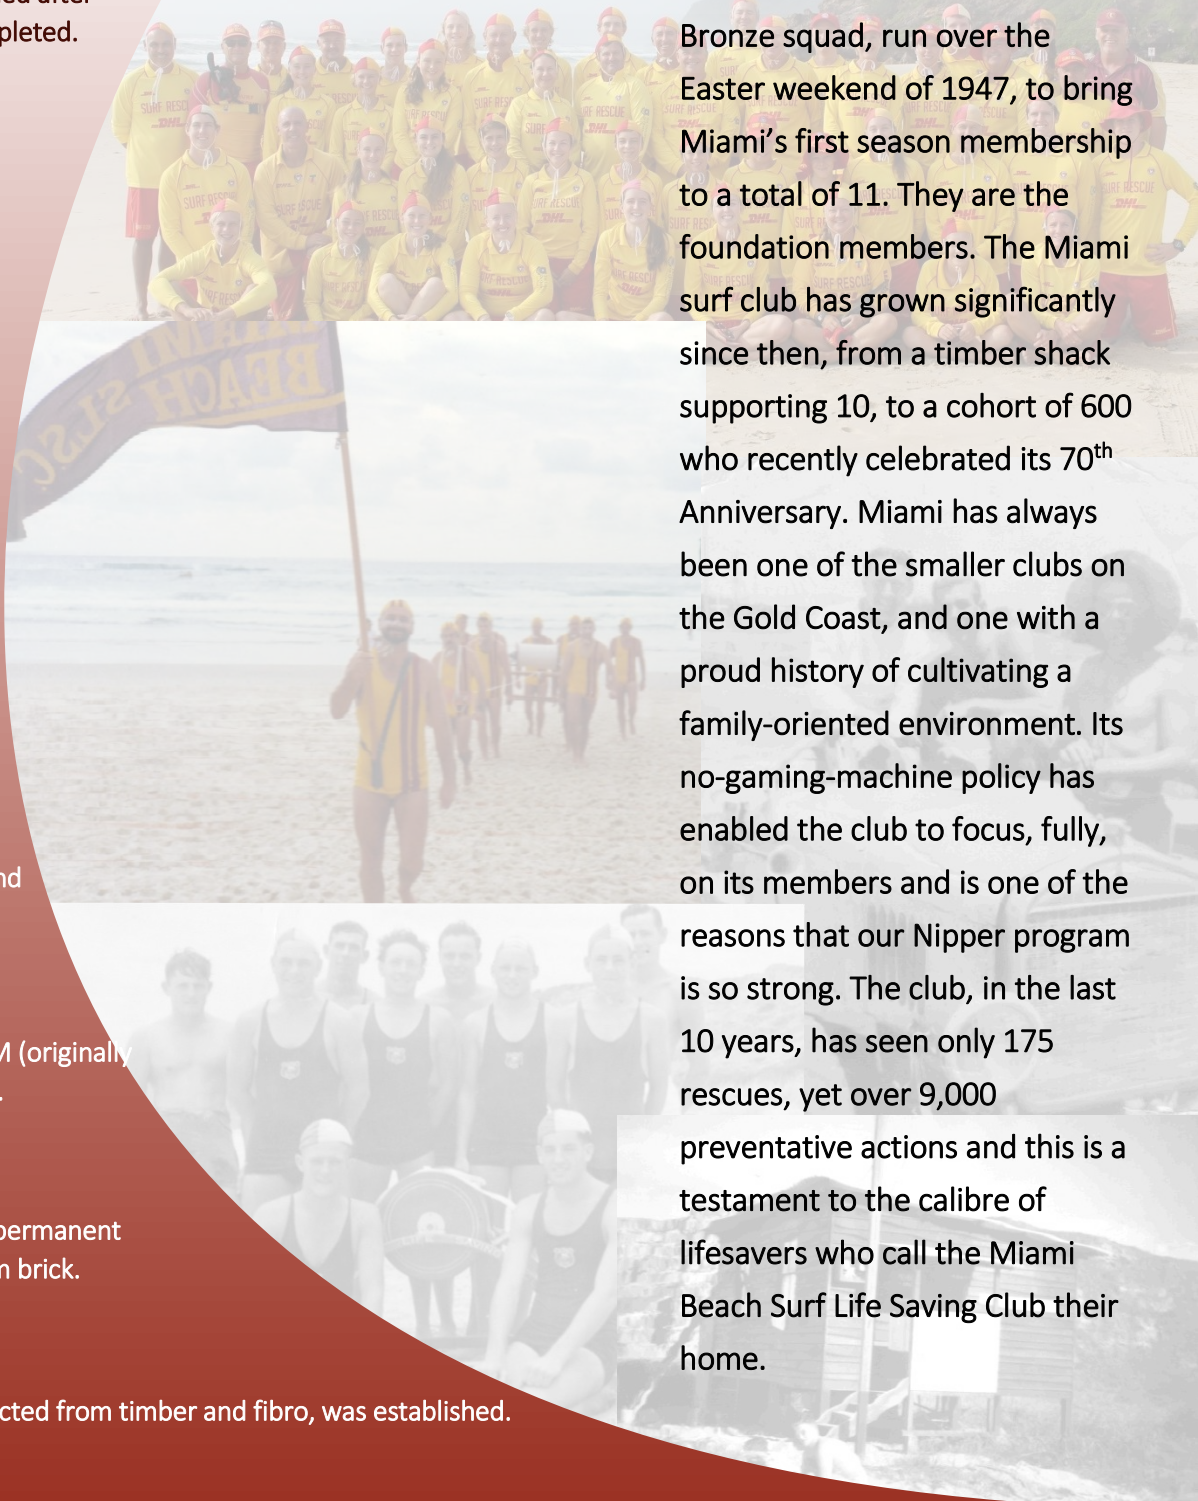

The first clubhouse, constructed from timber and fibro, was established.

1947

Miami Beach Surf Life Saving Club was founded by six members from Southport SLSC. Another five members joined its first Bronze Medallion Course.

The Miami Beach Surf Life Saving Club was officially formed on 16th March 1947 and founded by six men from Southport SLSC.

Another five men joined the first Bronze squad, run over the Easter weekend of 1947, to bring Miami's first season membership to a total of 11. They are the foundation members. The Miami surf club has grown significantly since then, from a timber shack supporting 10, to a cohort of 600 who recently celebrated its 70th Anniversary. Miami has always been one of the smaller clubs on the Gold Coast, and one with a proud history of cultivating a family-oriented environment. Its no-gaming-machine policy has enabled the club to focus, fully, on its members and is one of the reasons that our Nipper program is so strong. The club, in the last 10 years, has seen only 175 rescues, yet over 9,000 preventative actions and this is a testament to the calibre of lifesavers who call the Miami Beach Surf Life Saving Club their home.

AWARDS HIGHLIGHT 2017-2018

Senior Active Lifesaver of the Year

Isaac Henwood

Isaac was awarded the Senior Active Lifesaver of the Year Award for his outstanding contributions between the red-and-yellow flags. Throughout the 2017/2018 season, he volunteered over 150 hours to patrolling the beach. During these hours, Isaac served as a Vice Patrol Captain and role model to the younger members on his patrol.

Isaac also volunteered countless, unrecognised hours in his roles as: Vice Club Captain, assisting with running many club events; March Past coach, encouraging his team to a Bronze Medal at the QLD Youth Championships; Iron-person Coach, shaping our younger nippers into the future lifesavers of this club; and IRB Trainer, passing on his experience in the surf to those new to the craft.

In addition to all the above, Isaac organised several highly successful events aimed towards our Youth and instilled in them an unshakeable desire to be a part of our club for many years to come. Isaac is, without doubt, a deserving recipient of this award.

Club Member of the Year

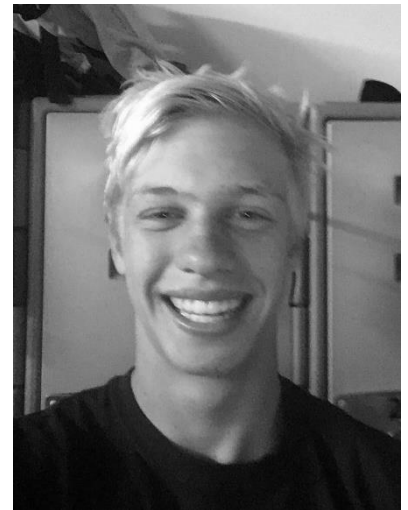

Mark Ellis

Mark is a long-standing member of our club and acts, always, in its best interests. Mark consistently meets all his patrol obligations and, if necessary, will adjust his work to suit. He is an excellent mentor to the younger members on his patrol and he is always available to help around the club, be it working bees, club social events or any other task that someone might want done.

Even when he is not on the beach, Mark is constantly working to promote our club, both active and supportive. Through his many contacts, Mark brings to us new businesses and opportunities, resulting in several bookings to our function room. He has successfully organised several events to act as fundraisers to the club, which included working tirelessly on a support function for a family who had suffered a recent tragedy.

Mark continues to be a true and honest member of our club. He devotes his time, without question, to improving our facilities and well-being. He is our Club Member of the Year.

Club Captain's Spirit of Lifesaving Award

Gabriel Sobczyk

This award is presented by the Club Captain to an active member who best embraces the "Spirit of the Lifesaver". This season, Gabe volunteered over 231 hours both as a patrolling member and water safety officer. He selflessly volunteered his time when patrols were short and was always happy to assist with any tasks around the club.

While on patrol, Gabe performed several rescues to a high standard. This included the rescue, in which he was aided by his friend Dylan, of a young girl with Asperger's Syndrome. This rescue was so effective, they earned an ovation on the beach, and were presented with a Lifesaving Excellence Award.

The Lifesaving Spirit is characterised by vigilance, service, comradery and a dedication to helping others and ensuring their safety on the beach. Gabe has demonstrated all of these over the course of the 2017/2018 season and it is for this, that we award him the Spirit of Lifesaving Award.

GOVERNANCE

PRESIDENT'S REPORT

As a Club, we just keep improving, and the tremendous efforts put into planning and organising the year are a credit to our committees, and I thank you for your time and effort and acknowledge that improvement does not happen without those willing to 'give a bit more'.

Two of our members were Branch recipients of major awards last year: 18-25 Lifesaver of the Year went to Zachary Henwood, and Tayah Cooper received the under 18 Lifesaver of the Year. These awards come from not only their efforts between the flags, but also their efforts within the club and their own development such as leadership camps and qualifications. This is where our future club leaders are 'made' and I applaud the efforts of Zach and Tayah, as well as the many other younger members on the same path.

Our focus on youth development this year has seen real benefits in the number of younger members staying connected to the club, assisting with the club activities and representing the club at carnivals. Increased engagement in competitions such as pool rescue and patrol competition has seen our youth improve their lifesaving skills and their self-confidence. A big thanks to Shayne Baker and Denis Cahill for their coaching and enthusiasm in developing our members.

Additionally, as a club we have committed to support and develop five members, Dylan, Gabe, Tayah, Shakayla and Karlisha, in undertaking a school-based program to obtain a Certificate III Sport and Recreation. These members have been working in the various areas and activities around the club as part of the program, which we see is mutually beneficial and a great way for us as a club to assist our youth, as well as provide some income to them and the club as part of the Government program.

Our Surf Sports teams have grown again and the Miami team spirit glows with lots of smiles, some sweat, a few bruises, and a bit of jewellery as well, with medals in the Branch, State Junior and Master's carnivals, and Aussies, and with our IRB team picking up a Gold medal in the World IRB Championships. Our little club holds its own when it comes to lifesaving competition and thanks must go to Alan Hobbs and all our volunteer coaches that give their time to help us improve our lifesaving fitness and skill. Through a grant, Hobbsy obtained 6 new surf skis and he ran a very successful ski program through winter to develop our members in this element of surf sports – stay tuned for another program this coming winter.

Our Education team grew this season with Jess Zabawa (JZ) stepping up as CTO and Mick Hayes jumping in as a trainer. For our IRB training, it's great to have such skilled drivers as the Henwood's when they jump in the boats to help with the courses; thanks team.

The pillars of our club, Lifesaving, Education, Junior activities and Surf Sports, have all developed this season and we should all be thankful to the members who have provided their time and effort.

The experience, skill and commitment of our Patrol Captains and Patrolling members has kept our part of the coast safe – thank you for your efforts; we look forward to your invaluable support next season between the flags.

Some wonderful feedback was received this season from the public we have assisted. We don't often hear back from those we help but those that have taken the time have been super-impressed with our younger lifesavers. For me as President, this is 100%

representative of 'why I do what I do' and to all of those involved in the pillars of our club – it's these moments that define our success as a Lifesaving Club! Go Team Miami...

Thanks also to our great supporters and sponsors, John Henderson Real Estate and the ongoing relationship with Robbie McEwen and family at Piccolos Coffee Shop. Thanks also to Ray Stevens MP for his support and contributions to our club this year, and finally to ProOne for their assistance in upgrading our front Plaza.

Finally – don't just be a member of our club – be a part of our club!

Glen Russell
President, MBSLSC

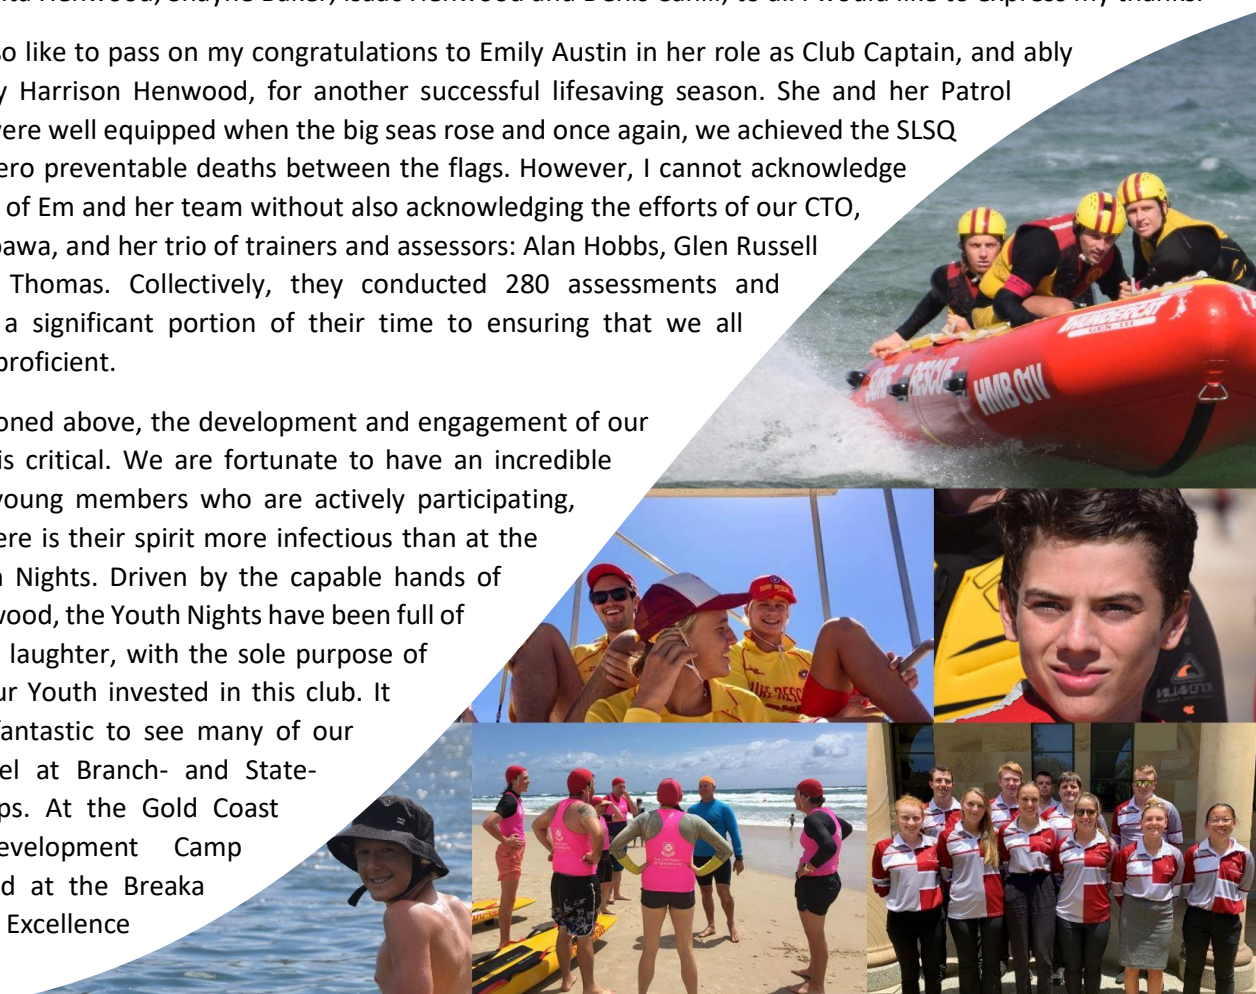

DEPUTY PRESIDENT'S REPORT

It is with great pleasure that I look back on yet another successful season for the Miami Surf Club. And what a busy one too as we were continually challenged from start to finish. One of the notable themes I noticed throughout the course of this season's activities was member development and member engagement. How can we as a club engage our members more effectively and how can we better provide opportunities for their development? The answers to these questions are critical to our club's future.

With development in mind, I want to quickly express how exciting it was to see our members try their hands at Surf Sports and its many disciplines. The season kicked off with a Ski Training Program that brought around 30 members to the water; an extraordinary feat that was noticed by many clubs who happened to pass by. The IRB Team had their most successful season to date and rounded it off with a World Titles Gold Medal! Our younger athletes had a fantastic go at Pool Rescue and excelled in the March Past, and Miami returned to the Patrol Competition arena after more than a decade in hiatus. All these achievements would not be possible without the support and direction of Alan Hobbs, Janita Henwood, Shayne Baker, Isaac Henwood and Denis Cahill; to all I would like to express my thanks.

I would also like to pass on my congratulations to Emily Austin in her role as Club Captain, and ably assisted by Harrison Henwood, for another successful lifesaving season. She and her Patrol Captains were well equipped when the big seas rose and once again, we achieved the SLSQ vision of zero preventable deaths between the flags. However, I cannot acknowledge the efforts of Em and her team without also acknowledging the efforts of our CTO, Jessica Zabawa, and her trio of trainers and assessors: Alan Hobbs, Glen Russell and Evan Thomas. Collectively, they conducted 280 assessments and dedicated a significant portion of their time to ensuring that we all remained proficient.

As I mentioned above, the development and engagement of our members is critical. We are fortunate to have an incredible group of young members who are actively participating, and nowhere is their spirit more infectious than at the club Youth Nights. Driven by the capable hands of Isaac Henwood, the Youth Nights have been full of action and laughter, with the sole purpose of keeping our Youth invested in this club. It was also fantastic to see many of our Youth excel at Branch- and State-level Camps. At the Gold Coast Youth Development Camp (GCYD) and at the Breaka Youth Excellence Program

(BYEP), our club was extremely well-represented by our members and I received nothing but positive feedback from the coordinators. It was a great experience for them, and I encourage all our Youth to be on the lookout for those programs next season.

Just before the Christmas break, I had the privilege of attending the UQ SLSQ Leadership Excellence Program (LEP). This program is similar in design to the BYEP but targeted towards over-18s who are looking to take on more serious roles within lifesaving. It was an incredible experience with activities ranging from Army training sessions to large-scale first-aid scenarios, and speakers covering topics from conflict management to mental health and member burnout. I had some excellent conversations with some inspirational members such as Rob Campbell (Chair of the State Membership Services Committee) and Ian Tannahill (SCB Deputy President), and I made several great friendships with other like-minded people in lifesaving. I would absolutely recommend this program to our Youth as a must-attend when they are of age.

Before I sign-off, and keeping in with the theme of member engagement, I would like to touch on some notable events that occurred at the end of last season (and were therefore missed in the previous Annual Report). Firstly, I would like to extend my congratulations to both Wayne Austin and Michael Colley (Bood) for their induction into the Club as Life Members. For those unaware, they have volunteered an extraordinary amount of their time over the last 18-19 years and have been key proponents to this Club's development. Secondly, I would like to recognise Emily Austin for achieving the Anthony "Guido" Wheatland Patrol Service award. She is currently the youngest and fastest member to reach the 1000 hours milestone. Thirdly, I must pass on my congratulations to Tayah Cooper for being selected as the SCB U18 Junior Lifesaver of the Year; she subsequently represented our Club as a State Finalist for the award. I heard from a few of her interviewers that they were sincerely impressed with her ideals and achievements, and I look forward to seeing how she will progress in the seasons to come. Lastly, I would like to recognise the club and each of you as its members. Over the past several months I have been collating nominations and information for club, branch, state and national awards. The sheer quantity of eligible members and the quality of your contributions to lifesaving is impressive. I look forward to seeing each of you receive the recognition you deserve.

Once again, thank you for a wonderful season and a special thank you to those who have volunteered their time above and beyond what they were required; your efforts have not gone unnoticed. One last thank you must go to Glen Russell as our Club President. You have been key to the success of the past several seasons, and I hope you enjoy, sometime soon, a well-earned break from the paperwork.

Thanks everyone, and I'll see you all next season.

Zachary Henwood
Deputy President, MBSLSC

SECRETARY'S REPORT

In my first year as secretary, I would like to thank the members of the Management Committee for their warm welcome and for their obvious earnest care for the club, its members and its administration. It is evident that the leadership of Miami Beach SLSC is very mindful of the surf lifesaving and surf sports aspirations of its membership, particularly in the areas of nipper and youth development.

As Secretary, I would also like to acknowledge all members of the management committee for voluntarily giving up their time to ensure the future success and development of the club - in particular, Glen Russel for his time in the role of President, a position sadly he will relinquish this year. Glen's professionalism, diligence and genuine mindfulness about the club's ongoing development has been invaluable to our continued success.

In regard to the day-to-day administration of the club, I am pleased to report this has been conducted smoothly and efficiently and I would like to publicly thank Robyn Hunt for her continued work as club administrator and Mark McGovern for his genuine concern and efforts as treasurer and his desire to develop a solid strategic plan for the club's long-term future. Appreciation must also be given to John Carter for his day-to-day care of the clubhouse and grounds.

Special mention must also be made of Janita Henwood and her leadership of the Junior Activities Committee. Though we are not a big club, the strength of our nipper program compared with other clubs on the Gold Coast is remarkable. This has not happened without much dedication and effort and there is no doubt that nipper and youth development is to a high degree, the very lifeblood of our club and its future.

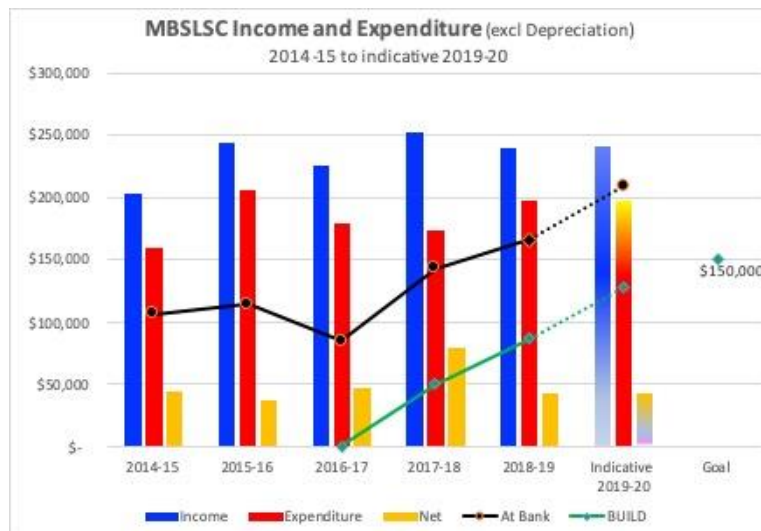

Finally, I of course acknowledge and sincerely thank all patrolling members, who selflessly volunteer their time to keep our beach safe. Quite simply, lives depend on your altruism and commitment.

Regards,

Michael Bartlett
Secretary, MBSLSC

TREASURER'S REPORT

The Surf Club remains in a strong position after another successful year, on the beach and financially. The Graph below shows the major financial aggregates since 2014-15 with indicative figures for the coming year. The bottom line "at the bank" is an increase of \$23,389 to put our end of year balance at \$166,303. Of this \$49,735 is now in a building development term deposit ("BUILD") and I recommend we add \$37,000 this year to further build funds for much-needed Clubhouse development.

In 2018-19 and rounding numbers, income realised of \$239, 000 was down by \$12, 500 from the previous year. This was largely a result of the \$17,000 one-off government ski grant in the previous year and \$5,400 less in membership fees principally due to Nipper numbers returning to more normal levels after an unexpected big jump the previous year. Additional funds from fundraising, rents and other sources compensated for half of the income drop we would have otherwise experienced.

As anticipated and omitting depreciation, operating expenses rose \$24,000 to \$198,000 largely due to \$12,000 in extra Carnival fees as members competed more actively – and successfully - in a range of events along with an extra \$12,000 spent on needed grounds works. \$7,000 less in Nipper expenses was the most outstanding of several areas of expense reductions. The net operating surplus of \$41,000 becomes the reported accounting loss of \$6,000 after allowing \$49,000 for depreciation and an additional \$2,000 in clothing stocks.

We do have our challenges in financing the coming year, and years. Members make a major financial contribution, as do sponsors and government as acknowledged elsewhere in the report. Many individual and community member contributions also deserve acknowledgment. Each in their own way is supporting the very active development of members' skills and the financial and other capacities of the Club so we can continue saving lives and enhancing safety on Miami Beach.

The great efforts of Robyn in the office and of all those volunteering to do their bit for the club must be applauded. We build on many efforts over the years which have played their part in our current financial and other successes.

As mentioned previously, increasing Club activities mean we have begun to take a fresh look at further Club House development. The Building Committee and Executive have had some preliminary discussions on possibilities - and your thoughts and other inputs will soon be sought. This year we are setting a funding goal, and the sooner we can meet it... well that depends on you too!

Again, to everyone who contributed to the many successes of the Miami Beach Surf Life Saving Club, a very big Thank You! And to you too, as you contribute in the coming year as well!

Mark McGovern
Treasurer, MBSLSC

SUPPORTERS' CLUB REPORT

The Committee

President	Evan Thomas
Deputy President	Vacant
Treasurer	Gai Disley
Secretary	Evan Thomas
Committee Member	Gareth Latham
Committee Member	Wade Heggie
Committee Member	Gaynor Berechree

President's Report

The purpose of the Supporters Club is to generate income to support the operations and patrols of the Surf Club. For many reasons this support is provided to the club through the rental contract, and through the Supporter's Club continuing to pay for all agreed running costs and loan repayments to the club.

Firstly, I would like to thank my committee, Gai Disley, Gareth Latham, Wade Heggie and Gaynor Berechree, for their continued support. I would particularly like to thank Gareth for his support and assistance in getting the security cameras fitted into the Main club and into the Bar. The supporters club could not function without the contribution of Mark and Karen who contribute far more than expected as our Bar Manager and Administration Officer. Mark and Karen spend a large amount of time outside of their regular working hours attending the club to meet with clients and suppliers and to market our great club. I would also like to thank the many surf club members who work behind the bar at functions for the great service and reputation they are building for our club. All these people go beyond expectations to ensure the Supporters Club continues to move forward.

This year, despite continued challenging trading conditions and the need for maintenance on essential equipment, the Supporters Club has met its obligations to the Club and delivered a small profit. This was in part due to increased measures on cost control.

The Committee were very pleased to see the installation of the new weather screens on the balcony. This has addressed a long-standing safety issue for staff and patrons and provided a sheltered space that is able to be enjoyed.

I'd also like to acknowledge the efforts of the volunteers from the Surf Club that also assist with and epitomise what Surf Life Saving is about by giving back to their local community club both on and off the beach. I would like to make special mention to Charlie Blond who has volunteered at the Supporters Club for the last two years most Sundays as part of her Duke of Edinburgh Award through her school All Saints. She has been a fantastic asset to the club and has worked tirelessly to assist with raffles, picking up glasses and general duties and is loved by everyone at the club. She now has her RSA, so she is ready for the next step. We would also like to thank our good friend and one of our best patrons 'Krusty', who has been instrumental in providing continuous voluntary IT Support (last week alone 1 hour of his time) as well as assisting with raffles.

Evan Thomas

On behalf of Miami Beach Surf Life Saving Supporters Club

LIFESAVING

CLUB CAPTAIN'S REPORT

What a great season we have had again! We have been blessed with almost perfect weather and conditions for much of the season. Patrol numbers remained strong throughout, with only a couple of patrols falling short and requiring assistance. Top effort by all; you have certainly made my second season as club captain a breeze!

Following such a great season, I would like to extend my thanks to all those members who made my job as Club Captain hassle-free. I truly appreciate every single one of your efforts throughout the season. I would like to thank my team of patrol captains; they have helped ensure that the season ran smoothly by working with all our patrolling members to meet our obligations. Also, a special thank you to all members who volunteered for our Christmas Day patrol. This was our only non-rostered patrol for the season, and I appreciate the time given up by members to ensure that our beach could open.

At the beginning of the season we were successful in gaining 2 grants: the first was the Queensland Fire & Emergency Services Lifesaving Services Development Fund Sustainability and extension of services grant (QFES) which enabled us to stock up on patrol uniforms (shirts and shorts) and obtain 9 new life jackets; the 2nd grant was the Beach Safety Equipment Fund (BSEF) grant. This grant enabled us to purchase a new IRB motor, patrol wide brim hats, patrol caps, bum bags, whistles and binoculars. All this equipment is vital in helping us keep our beaches safe. If you notice, or have any suggestions for, equipment that needs upgrading for next season please let me or a member of the management committee know.

In February we had a resuscitation which happened during the early hours of a Sunday morning. The resus occurred at approximately 05:45 after a member of Miami, Graham Huband, ran to the club and informed some other members (Zachary Henwood, Oliver Henwood, Dylan Chapman and Alan Hobbs) who were about to commence a training session. Graham had noticed a member of the public performing what looked like CPR on a male surfer unconscious on the beach between Riviera Road and Santa Monica Boulevard avenues (approximately 500m north of the Surf Club). All 5 members then loaded the ATV with the necessary equipment and went to help. They reached the patient and, working as a team, they each assumed the necessary roles. CPR was conducted immediately, the Oxy-Viva was introduced and the defib was attached. No shock was advised so they continued with CPR and oxygen for 15-20 minutes until QAS arrived and took over. Top effort by all involved.

Club Championships was later this season and despite them being in the April school holidays, we still had a successful turn-out. A great morning was had by all with some impressive skills on show. We also had some awesome results from members who attended the State and Australian titles. Finally, the Captains Keg was held in May. This was again a great night and was well attended.

I'd like to finish by thanking the management committee, especially my Vice Club Captain Harrison Henwood, for all their help and support throughout the season and wish everyone a safe and relaxing break. I hope to see you all back for another season of patrolling this coming September.

Emily Austin
Club Captain, MBSLSC

YOUTH DEVELOPMENT OFFICER'S REPORT

On Saturday September 1, South Coast Branch invited all Youth members to begin the season with a BBQ and Beach Day on the sands at North Burleigh. Club caps were left at home and the youth members of our Clubs mixed together and enjoyed an action-packed morning of beach and water activities followed by a BBQ in the parklands.

Fright Night at Movie World was a 'SPOOKTACULAR' night of terror. Screams of fright echoed across the night sky as the youth were terrorised by the characters at Movie World.

The Youth Development Camp took place on November 9 – November 11 at Tyalgum Ridge Retreat. This camp provides an opportunity for young lifesavers from South Coast Branch and Point Danger Branch to come together and gain knowledge, experience and to develop skills in a wide range of activities as well as developing inter-club friendships. Five of our youthful members attended the camp and after a weekend of continual activity all 5 came home exhausted with stories of excitement to tell.

Youth Weekend #1: There was a whirl of excitement on the afternoon of the 14th of December as the youth of our club checked in for a weekend of recreational fun. With Isaac in the lead the youth were led on a path of activity including Tubing at the Creek; A Battle on the Beach; Chip Sanga's on the headland overlooking the lights of the Gold Coast; Pool & Darts Tournament; and Wave Rider Challenge: With little sleep and a whole lot of fun the Youth were handed back to their parents exhausted.

Youth Weekend #2: Once again the Club was buzzing with excitement over a weekend in the month of February 2019. Activities included swimming in the creek, bridge jumping, wave rider challenge and a survivor challenge at its best with riddles/puzzles/reward challengers/problem solving/mind blasters. And once again there was little sleep but a whole lot of fun.

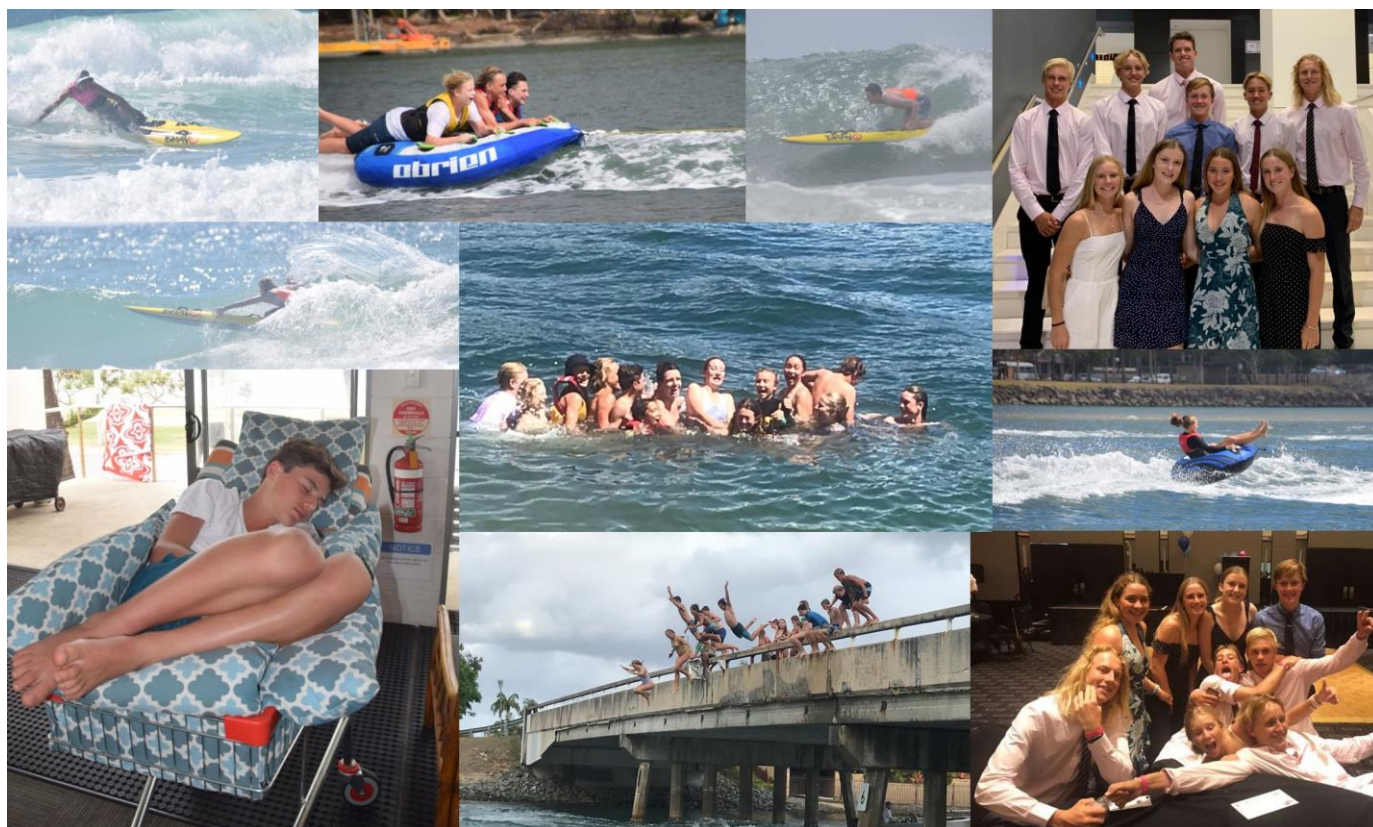

Gold Coast Youth Development Ball was held at 'Mantra on View' on Friday 26th April 2019. An evening where the young Lifesavers of Miami switched from their salty/sandy swimwear into their semi-formal attire to enjoy a night of mingling, dancing and singing with other young Lifesavers on the Gold Coast.

And finally, a huge thanks to all our youth at Miami for volunteering their time to protect our beaches.

Our Youth are Our Future.

Janita Henwood
Youth Development Officer, MBSLSC

EDUCATION

CHIEF TRAINING OFFICER'S REPORT

As the 2018/2019 lifesaving season comes to a close, we reflect on what was a productive and busy season of training and education on the beach. After stepping into the role of Chief Training Officer, I have seen first-hand the dedication our members have shown to either the training of others or the commitment they make in gaining further qualifications to become more qualified lifesavers. This season, we gained the following awards within our club:

- 20 Bronze Medallion qualifications
- 25 Surf Rescue Certificates
- 5 IRBC persons

These awards work towards strengthening our patrolling and competition capacity as a club. In addition to this, it is pleasing to note that many of the participants in our Bronze Medallion squads and Surf Rescue Certificate courses run throughout the season are brand-new members to the club, which demonstrates the positive reputation Miami Beach SLSC has within our community.

Not only did we obtain new members, but we also boosted our strength as a club by seeing our existing members build on their skills through these courses. Notably, in the realm of training and education, we have gained a new trainer – Mick Hayes to share his experience and expertise on our Bronze Medallion and Surf Rescue Certificate courses, and Zach Henwood who is in the process of completing his training and assessment qualification, whereby we will have yet another experienced trainer and assessor on board. While Zach and Mick are already committed to surf sports training, it's an asset to the club to see them in the education side of lifesaving to share their considerable experience.

On that note, I can't forget our existing trainers who have tirelessly dedicated so many of their weekends to educating both new and existing Miami Beach members. Thank you to Evan Thomas for your work with training our new IRBC and IRBD persons. Thank-you to Alan Hobbs for his expertise in training and assessing BM, SRC and skills maintenance this season. Thank-you to our President, Glen Russell for answering my questions, sharing his resources and knowledge and his commitment to training BM, SRC, IRBC and skills maintenance. My thanks must also go Bryan Durham who acted as my assistant this season. His experience in SLS has helped me immensely in my first year as CTO.

With all that has been achieved in education at the club this year, I'm excited to see what season 2019/2020 will bring for Miami!

Jessica Zabawa
Chief Training Officer, MBSLSC

JUNIOR ACTIVITIES

JUNIOR ACTIVITIES REPORT

The beach was alive with 200-or-so little lifesavers splashing in the water, paddling down waves, running on the sand and diving for flags. The atmosphere was vibrant and sounds of laughter echoed across the ocean at Miami Beach SLSC. The Nipper season was here again, and our main aim was to teach the kids about surf awareness whilst mixing it with fun.

The buddy system where our U13 age group buddies with the U6 age group at the body board rotation is voted as one of their favourite rotations. The younger age group love the thrill of having an older buddy ride with them down the waves and the older age group love the responsibility of looking after and protecting the younger age group as they surf the waves together.

Toward the end of our season we received our 'string of 9' swim cans which we managed to set up and use on Club Championship day. The nippers were quite excited to see them set as it added a more professional and competitive feel to the day. The string of 9 will also add benefit to our nipper program enabling kids to practice board rescue each Sunday which the overall favourite activity in our nipper program is. As you watch and you hear the squeals, I believe the adrenalin rush has almost exceeded the limit when the two are negotiating the waves on a board as they proceed back to shore.

Numbers were strong at carnivals this season and our Miami Team once again competed with big hearts and great sportsmanship. Our U8-U10 team was amazing when they competed at carnivals. We had 38 keen nippers who participated in the U8 – U10 SCB Championships (which we hosted) and every one of them gave it their utmost best and performed extremely well both on the beach and in the water. Our Miami team displayed great team spirit throughout the day by encouraging and cheering on each competitor. At the U11-U15 Youth Carnivals our Miami kids continually progressed from heats to semi-finals and finals. Our children were truly amazing. Their encouragement, friendship and support are unique in every way. To them it's not all about winning; it's about giving their best and acknowledging each other's greatest achievement. And that to me is a winner. Our Competitors were competing amongst the best in the Branch and State and our top result was 1st QLD State Championships U12 Beach Relay, 2nd QLD State Championships Youth March Past, 3rd QLD State U14 Board Riding Championships, 5th QLD State Championships U13 Beach Relay, 6th QLD State Championships U13 Beach Sprint and 6th QLD State Championships U11 Beach Relay.

The season passed with very little hiccup, the surf is always a challenge and to see a nipper progress from dipping their toes in the water to swimming/paddling beyond the break is a great achievement whether it being big or small. Listening to all their stories and the excitement in their voices is why we parents/volunteers come to the beach week in and week out.

Thanks,

Janita Henwood
Junior Activities Chair, MBSLSC

SURF SPORTS DIRECTOR'S REPORT

It was another great season of Surf Sports at Miami.

We are still managing to provide great training through volunteer coaching. A big thank you to all our Coaches: Janita, Zach, Isaac, Rob, Glen, Harrison, Kahli, Oli, Ann-Maree and myself; some of whom are still completing coaching qualifications. I'd also like to thank all the Nipper Age managers as they play an important role in coaching and guiding our Nippers.

With more coaches, we aim to give better coaching to more members and bring specialist coaches where we may see the need. This season, we had Julian Norton-Smith offer his services for a very reasonable cost. The members involved reported a major improvement in their paddling. Thanks to all our volunteer coaches for their free service throughout the season. Please be sure to convey your appreciation when you see them – they make a very big contribution to the skills and abilities of our members.

Before the Lifesaving Season started, we ran a FREE Ski Training Program to give beginners, intermediate and advanced paddlers an opportunity to gain some good skills and get great coaching from four coaches participating in the Program. Zach, Glen and I help members get the basics and improve while working on paddle fitness. Towards the end of the program, Julian Norton-Smith attended a few times when we received our new Skis. Miami successfully applied for a grant to buy six of these new adjustable skis for member development. We will run this Program again late July 2019 so watch out for the emails; first in best dressed.

More members attended carnivals this season than in recent years with some great results. A Senior and Masters' Team attended Branch, State and Aussies and performed well. Jim Furlong obtained a Silver Medal in the flags at Aussies. Representatives from all ages i.e. Youth, Seniors and Masters, successfully competed in March Past events at branch and state levels with all teams medalling in these events. We are building each year and having a great time getting together, training and laughing at our sometimes-entertaining antics.

Numbers attending Carnivals are increasing, which is fantastic. With this though comes the need to find more funding so if you know anyone wanting to support our competitors, please contact us. The more we attend these competitions and encourage participation, the better we are at patrolling the beach.

Thank you to all our Officials for their service this season. It is an extremely important part of competition to have good Officials controlling events and our members always do it well. In particular: Ann-Maree Mueller, Steve Mueller, Shayne Baker, Janita, Harrison and Zach Henwood, and Terry Cawt.

Three IRB racing team members have completed the Technical Officials accreditation which provides much needed in-boat judges as part of their service provision at carnivals. Having accredited in-boat judges from Miami will undoubtedly alleviate the workload of the club's small number of officials. Many thanks to all the club's officials, first aid officers, water safety and IRB personnel, who spent many long hours in the heat so that the nippers could compete. Many thanks also to Gear Steward, John Radler and the Age and Team Managers; your service was very much appreciated as always. Thanks also to John Carter (surf sports legend) for prompt repairs on boards and equipment throughout the season.

The IRB team – as most know, have been very successful in recent times. As they compete in winter most of us don't see their racing. This report has been written before their next season is complete. Hopefully they did themselves proud and we are celebrating their efforts. They always do very well for a small club with a small budget. Their amazing racing skills are a great spectator experience.

There has been more interest again in competition this season and more people wanting to get involved.

Go Miami!

Alan Hobbs (assisted by Deputy DSS – Anne-Mare Mueller)
Director of Surf Sports, MBSLSC

INFLATABLE RESCUE BOAT (IRB) RACING

Before I begin, I would like to extend a huge thank you to Queensland Jet Ski Spares for sponsoring our IRB Team with not only precision work on our propellers, but a facelift to our cowlings. They look amazing.

In May 2018, the ocean becomes a roar with Clubs on the SE coast revving their motors and racing through the surf in the Ocean Roar Series. Competition is tight and there is no room for error as surf rescue boats negotiate the surf, round a turning buoy, pick up their patient and return to shore in a fast and sometimes furious race. There are 5 rounds to the Ocean Roar Series and Clubs travelled from Coolangatta to Rainbow Beach to compete. In comparison to other Clubs, our Miami Team is small. And with 18 Clubs competing for the number 1 spot, Miami Beach consistently progressed from heats to finals and proudly positioned 4th and 6th in the Handicap and Overall Point-scores.

Motors were then fine-tuned for the next leg of our racing season: the 2018 QLD IRB Championships held at Kurrawa SLSC from Friday 22nd June – Sunday 24th June. Surf was up and our team raced strong. At the end of the weekend, Team Miami had brought home 3 silver & 2 bronze medals as well as placing an outstanding 4th and 6th in the Handicap and Overall Point-scores.

The 2018 Australian IRB Championships, or better known as “Aussies”, saw Team Miami pile into Henwood Tours and motor 15 hours south along the east coast of Australia to a small beach-town called Thirroul. With boats in tow, the bus echoed with music, chatter & operatic arias. Surf conditions on day 1 were deemed too dangerous, with 6- to 8-foot waves pounding the shore, and the safety committee had no choice but to cancel the first day’s racing. Day 2 began, conditions were rough, and racing was suspended until further notice. Lunch time came and the safety committee opened the beach to a modified program of racing and all teams were cautioned to drive with their safety-cap on. Boats soared high as both driver and crewie locked in and punched through the waves in a race to pick up their patient and return to shore. We survived day 2 and on day 3 (the finals day), we raced our way into the finals in challenging conditions.

Next stop was “WORLDS”. Australia was hosting the 2018 ILS World Championships at Glenelg Beach, Adelaide from 29th November – 1st December. Adelaide airport was littered with teams from all around the world who had flown in to compete amongst the best of the best.

Team Miami raced exceptionally well and continually eliminated teams to compete in 6 finals. A moment we will never forget is the final of the Open Male Teams Rescue. Miami Beach raced with no error and with daylight in 2nd, we turned the final turning buoy and raced back to the beach to take out the ultimate race. We were World Champions in the Open Male Teams Rescue, and in the Overall Point-score we placed 7th in the world.

POOL RESCUE

This season, Miami SLSC added another string to the lifesaving sports bow with a few members taking the first steps as competitors in the Pool Rescue Season on offer by SLSQ. Congratulations to Halley Asquith, Tayah Cooper and Dylan Chapman for taking up the challenge and competing in two of the rescue events on offer - the Gold Coast Pool Rescue Championships and the Queensland Pool Rescue Championships.

Competitors test their rescue skills with events such as manikin tows, obstacle swims and tube swims carrying patients. The event has expanded to include under-11, under-12 and under-13 athletes, and it is hoped the efforts from these members will encourage youngsters into the sport and maintain their involvement in lifesaving, whether in the pool or in the surf.

The interest and level of entries in pool rescue competition has grown from strength to strength in recent years, particularly in the younger age groups and will only grow in status, especially with the high level of international competition provided by the traditional European nations of Germany, Italy, France, Spain and Great Britain.

It is also considered an essential aspect for athletes to have pool rescue skills among their credentials for consideration to be selected for Australian teams, enhancing the importance of this competition in rounding out a competitor's skill set.

Shayne Baker

MEMBER RECOGNITION

LIFE MEMBERSHIP 2017 – 2018

Life Membership is the pinnacle of member recognition; it is bestowed by Life Members to recognise those who have rendered long and conspicuous service. In the 2017/2018 season, two members were awarded Life Membership.

Wayne Austin

When we joined Miami Beach SLSC back at the turn of the century as a nipper family, we were told that Miami was a family club. This is very much why, 19 years later, we still love Miami Beach SLSC, the club has grown significantly over this time, member numbers have almost tripled in all categories, our clubhouse has been extended and refurbished, we used to have to carry our patrol equipment and assemble our patrol arena – not the luxury we have now days of just hooking the wagon onto the tractor, if you had an incident outside the patrol area you had to run – not jump in an ATV and cruise up the beach, despite all of this growth, it still holds that core attraction of being built on family values.

That welcoming nature and the fact that everyone is given an opportunity is what first got me involved in obtaining my Bronze. I did not think that I had the skill or ability but was encouraged and given the support, I could never have imagined all these years later I would be honoured with Life Membership.

It is this encouragement and support that I still see provided to all members of our club, from our little nippers through to an adult attempting their bronze, to a junior doing their first patrol or someone stepping up to take on a role, that is what makes me proud to be a member of Miami.

As a club we have often been described as not highly competitive, which to some extent is true, we do not put pressure on or treat “competitors” differently, we focus on having fun and giving everyone a chance at having a go – this atmosphere has made Miami the envy of many other clubs and at the same time has still produced state, national and world champions that are proud to call Miami their club.

I am proud to call Miami Beach my surf club, I have enjoyed every minute of our time at Miami, lots of friendships have been formed with lots of laughs and fun times. Thank you again for the honour of Life Membership.

Wayne Austin
Life Member, MBSLSC

Wayne Austin joined the club in October 2000 as a Nipper Dad. Since then, he has been an integral part of Miami and all its Pillars from Junior Activities to Lifesaving, and from Education to Governance. His involvement has ranged from Junior Activities Chairperson for 3 years, Club Captain for 3 years and Patrol Captain for many more. Additionally, Wayne volunteered his time as water safety for the nippers, trainer for SRC, Bronze and IRB courses, workforce and first-aid officer for Miami-hosted carnivals and coordinator for club working bees. As a patrolling member for 18 years, Wayne has given over 1200 hours of service between the red and yellow flags, for which he was awarded the Anthony “Guido” Wheatland Patrol Service Award. This extraordinary feat is shared only by a few other members in this club. Under his leadership as Club Captain, Wayne was the driving force and coordinator for the renovations to our club. His efforts that year, understated as they were, earned him the Bruce Gigler Award; his other accolades include the Lifesaver of the Year Award in 2012 and the Club Member of the Year Award in 2014. It is without question that Wayne has rendered long and conspicuous service to this club. He is truly deserving of the honour of Life Membership.

Michael (Bood) Colley

Most people may not know this, but I was never actually meant to join Miami Surf Club. At the time I was playing competitive golf off a handicap of 7 and it had been organised for me to get some lessons from Charlie Earp (Greg Normans Coach) to further improve my game. The rest of my family had already joined Miami through the Beaudesert connection with the Cahills, Jukes', McMillians, Danseys, and Boike families. Each weekend the rest of the family would venture down to the surf club to participate in Nippers or continue to learn the requirements of the Bronze Course while I went out to the golf course and played the competition for the day. Each Sunday afternoon they would return with tales of the fun that they had had. The tales, after about 4 weeks, got too much and so I had to find out for myself. I went down and observed the Bronze squad going through its paces. I was drawn in by the teamwork and the fun that everyone was having and signed up on the spot.

The club for me over the years has meant countless lifetime bonds with people from all walks of life. It has given me confidence, leadership skills and a sense of belonging that can only be experienced by being fully entrenched within an organisation. During my years at Miami I have been fortunate enough to be involved in IRB and Patrol Competition, I have been on Branch, State and National Leadership Camps and had the opportunity to help many people through incidences on patrol including rescues that have saved lives.

Without Miami Beach Surf Club, I would not be the person I am today.

Cheers,

Michael "Bood" Colley
Life Member, MBSLSC

Michael Colley, better known by some as Bood, joined the club in October 2000 and has since been an integral part of our Lifesaving operations. As a patrolling member for 19 years, Bood has dedicated a staggering 1,567 hours between the flags. This included a notable period from 2002 to 2006, where his average patrolling contribution was over 200 hours! On the Governance side of Lifesaving, Bood volunteered his time as Vice Club Captain in the 2002/2003 and 2003/2004 seasons, and as Club Captain in the 2004/2005 to 2006/2007 seasons and the 2008/2009 and 2009/2010 seasons. For his efforts on the beach and in management, Bood has been recognised with several awards including Lifesaver of the Year in 2001/2002, Club Member of the Year in 2002/2003, the Bruce Gigler Award in 2004/2005, and most recently, the Anthony "Guido" Wheatland Patrol Service Award in 2016/2017. Bood's contributions to keeping the public of Miami Beach safe have been exceptional, and it is for this, that he deserves the honour of Life Membership.

SLSA SERVICE AWARDS

National Medal

The National Medal was established by the Commonwealth of Australia in 1975. Applications are submitted to Government House to recognise long service in organisations that protect life and property at some risk to their members. Members within SLSA are eligible for the award after completing a minimum of 30 hours of service per year for a minimum period of 15 years. Those who have already been awarded the National Medal may be awarded a clasp to the Medal for each additional 10-year period of service. Congratulations to the following members for receiving this award.

National Medal 10-year Clasp

Anthony Wheatland

National Medal Recipients

Wayne Austin	Martin Cahill	Rodrick Power
Susan Barns	Shane Grant	Jon Schubel
Denis Cahill	Koichi Onozuka	Evan Thomas
Gregory Cahill		

SLSA Long Service Awards

These awards, established by SLSA, recognise long service in Surf Life Saving. Members are eligible for the patrol service awards after completing 16 hours per season for periods of 5 to 50 years. Members are also eligible for Long Service in other categories such as Assessment, provided they have performed those roles for a minimum of 5 years. Congratulations to the following members for their outstanding commitment to Lifesaving.

5 Year Patrol Service Award

Andrew Birner

ANTHONY “GUIDO” WHEATLAND PATROL SERVICE AWARD 2017 – 2018

The Anthony “Guido” Wheatland Patrol Service Award was implemented towards the end of the 2016/2017 Season. This award recognises all members who have contributed in excess of 1000 hours to patrolling Miami Beach and was named in honour of Anthony “Guido” Wheatland. Guido is our longest serving patrolling member with over 30 years and 1800 hours of voluntary service; this is an extraordinary achievement.

To commemorate this 1000-hour milestone, each recipient is presented with a boxed medallion, and their names are added to the honour board; crafted by Rod Henwood and family. The club has since recognised 11 outstanding members, collectively accruing 15,480 hours! The 11th recipient, Emily Austin was recognised at the 2017/2018 Annual Dinner.

Congratulations to Emily Austin!

Member Name	Current Milestone
Anthony Wheatland	1750
Denis Cahill	1500
Gregory Cahill	1500
Michael Colley	1500
Evan Thomas	1500
Mark Thurlow	1250

Member Name	Current Milestone
Shane Grant	1250
Wayne Austin	1000
Martin Cahill	1000
Jon Schubel	1000
Emily Austin	1000

LONG SERVICE

Long Service is granted by the Club to any member who has patrolled for a minimum of 10 years. This season, the club recognised 6 members for their service.

Long Service Awardees

Daniel Covill
Isaac Henwood
Todd Hiscock
Jennifer Hobbs
Robert McDonald
Peter McLeish

SENIOR PERPETUAL CLUB AWARDS 2017 – 2018

The following awards recognise the various achievements and contributions made by members across the 2017/2018 season. Each recipient was recognised at the club Annual Dinner.

Fundraiser of the Year	Jon Schubel
<i>Awarded to a member whom has contributed the most to fundraising.</i>	
Club Member of the Year	Mark Ellis
<i>Awarded to a member whom has made an outstanding contribution across all aspects of the club.</i>	
Volunteer of the Year	Terry & Elaine Crawt
<i>Awarded to an Associate Member whom has made an outstanding contribution to the club.</i>	
Active Surf Lifesaver of the Year	Isaac Henwood
<i>Awarded to an Active, senior Member whom has contributed the most to patrolling the beach.</i>	
18-25 Young Surf Lifesaver of the Year	Zachary Henwood
<i>Awarded to a young Active Member (18-25 years) whom has contributed the most to patrolling the beach.</i>	
U18 Junior Surf Lifesaver of the Year	Tayah Cooper & Gabriel Sobczyk
<i>Awarded to a U18 Active Member whom has contributed the most to patrolling the beach.</i>	
Most Improved Member	Brylee Dean
<i>Awarded to an Active Member whom has made the largest improvement over the course of the current season.</i>	
Rookie of the Year	Jordana Fair
<i>Awarded to an Active Member whom, in their first full season after attaining their Bronze Medallion, has committed an outstanding performance and contribution to the club.</i>	
Club Athlete of the Year	Zachary Henwood
<i>Awarded to a member whom has demonstrated outstanding sporting excellence as well as having contributed to the area of Surf Sports within Surf Life Saving.</i>	
Masters Athlete of the Year	Janita Henwood
<i>Award to a member in the Masters age category (30+ years) whom has demonstrated outstanding sporting excellence as well as having contributed to the area of Surf Sports within Surf Life Saving.</i>	
Junior Athlete (U14-U18) of the Year	Karlisha Thorpe-Martin
<i>Award to a member in the U14-U18 age category (30+ years) whom has demonstrated outstanding sporting excellence as well as having contributed to the area of Surf Sports within Surf Life Saving.</i>	
Sport Team of the Year	IRB Racing Team
<i>Awarded to a sporting team within Surf Life Saving and Surf Sports that has demonstrated outstanding sporting excellence.</i>	
Coach of the Year	Alan Hobbs
<i>Awarded to a member with their coaching award whom has made an outstanding contribution to the club as a coach.</i>	
Team Manager of the Year	Michael Fields
<i>Awarded to a member whom has made an outstanding contribution to the club as a team manager.</i>	
Youth Development Award	Isaac Henwood
<i>Awarded to a member whom has contributed the most to Youth Development within the club.</i>	
Junior Activities Member of the Year	Janita Henwood
<i>Awarded to a member whom has made an outstanding contribution to Junior Activities within the club.</i>	
Trainer of the Year	Glen Russell
<i>Awarded to a member with their Trainers award whom has made an outstanding contribution to the club as a trainer.</i>	
Club Assessor of the Year	Glen Russell
<i>Awarded to a member with their Assessors award whom has made an outstanding contribution to the club as an assessor.</i>	

Official of the Year

Shayne Baker OAM

Awarded to a member with their Officials Award whom has made an outstanding contribution to the club as an official.

Club Captain's Spirit of Lifesaving Award

Gabriel Sobczyk

Awarded by the Club Captain to a member whom best exemplifies the Spirit of a Lifesaver.

President's Leadership Award

Isaac Henwood

Awarded by the Club President to a member whom has demonstrated outstanding commitment to the club as a leader.

Bruce Gigler Award

Emily Austin

Bruce Gigler was a much loved and respected member of the Club whom tragically passed away in a motor vehicle accident. The members established a perpetual memorial in his name to acknowledge the contribution of a member of the Executive whom has contributed to the Club in a manner well beyond the requirements of their role.

SOUTH COAST BRANCH AWARDS 2017-2018

The 2017-2018 season also saw a few of our members nominated for various South Coast Branch Awards, presented at the South Coast Branch Annual Dinner.

Surf Lifesaver of the Year

Zachary Henwood

Nominated

This award is designed to recognise our active members who have provided outstanding lifesaving efforts and contributions. The nominee would therefore be active in all lifesaving activities and has demonstrated strong leadership qualities and the ability to be an ambassador for the organisation.

18-25 Young Surf Lifesaver of the Year

Zachary Henwood

Won

This award is designed to recognise our members aged between 18 – 25 years who have provided outstanding lifesaving efforts and contributions. The nominee would therefore be active in all lifesaving activities and has demonstrated strong leadership qualities and the ability to be an ambassador for the organisation.

U18 Junior Lifesaver of the Year

Tayah Cooper

Won

This award is designed to recognise our young members (Active Cadets and Juniors) under the age of 18 who have provided outstanding lifesaving efforts and contributions. The nominee would therefore be active in all lifesaving activities and has demonstrated strong leadership qualities and the ability to be an ambassador for the organisation.

Trainer of the Year

Glen Russell

Nominated

This award recognises and rewards members who have made a significant contribution towards the area of education and the training of awards within Surf Life Saving in a volunteer capacity.

SLSQ AWARDS OF EXCELLENCE 2017-2018

Selected recipients of a South Coast Branch Award are then finalists for their State equivalent. These awards are presented at the Surf Life Saving Queensland Awards of Excellence.

18-25 Young Surf Lifesaver of the Year

Zachary Henwood

Finalist

U18 Junior Lifesaver of the Year

Tayah Cooper

Finalist

CAPTAIN'S KEG

The Captain's Keg is an event hosted by the Club Captain at the end of the patrolling season. It is a night, of fun and mingling, to thank each patrolling member for the efforts they contributed to keeping the beach safe. Each member is therefore presented with a small gift of appreciation.

The night also recognised those members who contributed above and beyond their patrolling requirements. These members patrolled over 100 hours this season, and all volunteered for other patrols when they were needed. They were each presented with a personalised gift as a token of the club's thanks.

Members who patrolled over 100 hours:

(left to right, front to back): Janita Henwood, Karlisha Thorpe-Martin, Isaac Henwood, Shakayla Thorpe-Martin, Harry Chapman, Harrison Henwood, Dylan Chapman, Gabriel Sobczyk, Zachary Henwood, Oliver Henwood

Miami Beach Surf Life Saving Club
Notes to the Financial Statements
For the Year ended 30 April 2019

1. Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (QLD) . The committee has determined that the association is not a reporting entity.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

(b) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less.

(c) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(d) Employee Benefits

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs.

(e) Property, Plant and Equipment

Property, plant and equipment are carried at cost, independent or committees' valuation. All assets excluding freehold land, are depreciated over their useful lives to the association. Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

(f) Inventories

Inventories are measured at the lower of cost and net realisable value. Cost of inventory is determined using the first in first out basis and are net of any rebates and discounts received.

(g) Leases

Finance Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership that are transferred to the association are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over their estimated useful lives where it is likely that the association will obtain ownership of the asset or over the term of the lease.

*The accompanying notes form part of these financial statements.
These financial statements should be read in conjunction with the attached Compilation Report.*

Miami Beach Surf Life Saving Club
Notes to the Financial Statements
For the Year ended 30 April 2019

(h) **Revenue and Other Income**

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

All revenue is stated net of the amount of goods and services tax (GST).

Sale of Goods

Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

(i) **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

The principal activities of the association during the financial year were:
Development, promotion & delivery of Surf Lifesaving services to the public
and the provision of training to members for the delivery of those services

Significant Changes

No significant changes in the nature of the association's activity occurred during the financial year.

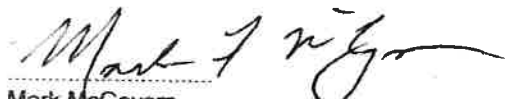

Operating Result

The loss of the association amounted to (\$5,633).

Auditor's Independence Declaration

The lead auditor's independence declaration in accordance with section 307C of the Corporations Act 2001, for the year ended 30 April 2019 has been received and is included with the financial statements.

Signed in accordance with a resolution of the Members of the Committee.

Glen Russell
Mark McGovern
Dated

9/6/19

Miami Beach Surf Life Saving Club Statement by Members of the Committee

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

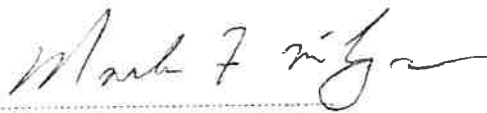

In the opinion of the committee the financial statements:

1. Presents fairly the financial position of
Miami Beach Surf Life Saving Club
as at 30 April 2019 and its performance for the year ended on that date.
2. At the date of this statement, there are reasonable grounds to believe that
Miami Beach Surf Life Saving Club
will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the committee and is signed for and on behalf of the committee by:

President Glen Russell

Treasurer: Mark McGovern

Dated 17/6/19

**Miami Beach Surf Life Saving Club
Independent Auditor's Report
to the Members of
Miami Beach Surf Life Saving Club**

Report on the Financial Report

We have audited the accompanying financial report of Miami Beach Surf Life Saving Club (the association), which comprises the committee's report, the assets and liabilities statement as at 30 April 2019, the income and expenditure statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the statement by members of the committee.

Committee's Responsibility for the Financial Report

The committee of Miami Beach Surf Life Saving Club is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Associations Incorporation Act (QLD) and for such internal control as the committee determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In Note 1, the committee also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the association's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

Opinion

In our opinion:

- a. the financial report of Miami Beach Surf Life Saving Club is in accordance with the Associations Incorporation Act (QLD), including:
 - i. giving a true and fair view of the Association's financial position as at 30 April 2019 and of its performance for the year ended on that date; and
 - ii. complying with Australian Accounting Standards and the Associations Incorporation Act (QLD)
- b. the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

**Miami Beach Surf Life Saving Club

Dated this 11 day of JUNE 2019

**Auditors Independence Declaration
Under Section 307C of the Corporations Act 2001**

To Members of Miami Beach Surf Life Saving Club

I declare that, to the best of my knowledge and belief, during the year ended 30 April 2019, there have been:

- a) no contraventions of the auditor independence requirements in relation to the audit;
and
- b) no contraventions of any applicable code of professional conduct in relation to
the audit.

Notes to the Financial Statements

For the Year ended 30 April 2019

1. Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (QLD) . The committee has determined that the association is not a reporting entity.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

(b) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less.

(c) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

(d) Employee Benefits

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs.

(e) Property, Plant and Equipment

Property, plant and equipment are carried at cost, independent or committees' valuation. All assets excluding freehold land, are depreciated over their useful lives to the association. Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

(f) Inventories

Inventories are measured at the lower of cost and net realisable value. Cost of inventory is determined using the first in first out basis and are net of any rebates and discounts received.

(g) Leases

Finance Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership that are transferred to the association are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over their estimated useful lives where it is likely that the association will obtain ownership of the asset or over the term of the lease.

*The accompanying notes form part of these financial statements.
These financial statements should be read in conjunction with the attached Compilation Report.*

Miami Beach SLSC Supporters Club
Notes to the Financial Statements
For the Year ended 30 April 2019

(h) **Revenue and Other Income**

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

All revenue is stated net of the amount of goods and services tax (GST).

Sale of Goods

Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

(i) **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Independent Auditor's Report
to the Members of
Miami Beach SLSC Supporters Club**

Report on the Financial Report

We have audited the accompanying financial report of Miami Beach SLSC Supporters Club (the association), which comprises the committee's report, the assets and liabilities statement as at 30 April 2019, the income and expenditure statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the statement by members of the committee.

Committee's Responsibility for the Financial Report

The committee of Miami Beach SLSC Supporters Club is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Associations Incorporation Act (QLD) and for such internal control as the committee determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In Note 1, the committee also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the association's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

Opinion

In our opinion:

- a. the financial report of Miami Beach SLSC Supporters Club is in accordance with the Associations Incorporation Act (QLD), including:
 - i. giving a true and fair view of the Association's financial position as at 30 April 2019 and of its performance for the year ended on that date; and
 - ii. complying with Australian Accounting Standards and the Associations Incorporation Act (QLD)
- b. the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Auditors Independence Declaration
Under Section 307C of the Corporations Act 2001

To Members of Miami Beach SLSC Supporters Club

I declare that, to the best of my knowledge and belief, during the year ended 30 April 2019, there have been:

- a) no contraventions of the auditor independence requirements in relation to the audit;
and
- b) no contraventions of any applicable code of professional conduct in relation to
the audit.
